#### Introduction:

#### President & CEO, Ramon Peguero + Board Chairman, Gustavo Mazza

Dear CHCF Friends & Family,

Our city is back on the move, and so are we. As we approach two full years of the COVID-19 pandemic, the re-emergence of our schools and communities means that CHCF is holding our cherished annual events again, resuming in-person services that had pivoted to virtual, and sending our Early Care team back into the field. It may have been challenging, but CHCF's programming is both thriving and expanding.

We have partnered with the City and our Consortium partners to distribute tens of millions of dollars in emergency funding and stabilization grants to keep the child care providers in our network afloat. We have spent thousands of hours holding online trainings and seminars. Our new Family Child Care Network is expanding rapidly, now enrolling over 100 children and holding its first Back-to-School events in the Bronx. We have fed thousands of community members with our Thanksgiving meal drives, baby food handouts, and other food distribution events.

All of this would be impossible without our generous funders, who continued to support our mission through a difficult time in the life of this City. A new partnership with Robin Hood Foundation means that CHCF will expand mental health services to family child care providers, as well as building out our Salesforce infrastructure to track and evaluate the future of our services. With the support of partners like the Pinkerton Foundation, Charles Hayden Foundation, Dime Community Bank, Northwestern Mutual Foundation, and Hispanic Federation, we were able to expand our after school services, educate providers on sustainable business practices, and pioneer new work in the field of infant toddler mental health.

At the close of another successful year of mission-driven work, CHCF is celebrating nearly 40 years of serving our neighbors throughout New York City. We are proud to lead an organization that thrives on uplifting our families, children, providers, and partners, no matter the circumstance. We look forward to seeing you in person, online, or wherever we can work together in 2022 and the many years ahead.

Sincerely,

Ramon Peguero, Esq. President & CEO

Gustavo Mazza Board Chairman

#### ABOUT US

#### **OUR STORY**

Founded in 1982, the Committee for Hispanic Children & Families provides programs that reach underserved, low- and moderate-income children and families throughout New York City and the home-based child care providers who serve them.

Our grassroots focus makes us one of the few Latino organizations in New York that combines direct service with policy work to amplify minority voices at the local, state, and national levels.

#### WHAT WE DO

#### **OUR MISSION**

Our mission is to combine education, capacity-building, and advocacy to strengthen the support system and continuum of learning for children and youth. CHCF has five primary function areas:

Youth Development provides academic and afterschool enrichment programs to supplement students' education and prepare them for scholastic success.

The Early Care & Education Institute provides culturally-informed, bilingual professional development to family child care educators to strengthen the quality of early care and teaching.

Community Empowerment leverages our parent participation efforts to train residents to be leaders in their local communities.

Policy and Advocacy works for progressive legislation around access to education from birth to adulthood.

The Family Child Care Network supports affiliated child care providers in the Bronx to create a safe, nurturing learning environment for children 0-4 years of age.

## Early Care & Education Institute

Throughout the pandemic, CHCF's Early Care staff worked to support child care providers across the city, including:
